The Client agrees that the Client's failure to notify of such discrepancy and/or error in a prompt manner (no later than two (2) business days) would exonerate GTJAS and GTJAS's agents from any claims, liabilities or damages resulted from those discrepancies and/or errors.
- 13.6. **Amendment:** To the extent permitted by law, GTJAS may from time to time amend any of the terms and conditions of this Agreement by notifying the Client and such amendments shall come into effect immediately upon the Client deemed receipt of GTJAS's notice. The Client acknowledges and agrees that if the Client does not accept any amendments (including amendments to GTJAS's commission rates and fees) as notified by GTJAS from time to time, the Client shall have the right to terminate this Agreement in accordance with termination clause under this Agreement. The Client further agrees that any amendments shall be deemed to be accepted by the Client, should the Client continue to effectuate Transaction(s) in the Client's Account without expressly communicate the Client objections to such amendments prior to the Transaction(s).
- 13.7. **Material Change:** GTJAS will notify the Client of material changes to any information provided to the Client, which may affect the service(s) provided to the Client under this Agreement.

13.8. **Waiver:** Waiver of any right under this Agreement must be in writing signed by the party waiving such right. GTJAS will not be regarded as having waived any right under this Agreement if GTJAS fails or delays in exercising such right. Any single or partial exercise of any rights under this Agreement will not preclude any further exercise of such right or exercise of any other right. GTJAS's failure to insist at any time on strict compliance with any of the terms or conditions of this Agreement or any continued course of such conduct on GTJAS's part shall, in no event, constitute or be considered as a waiver by GTJAS of any of GTJAS's powers, rights, remedies or privileges.

13.9. **Assignment:** GTJAS may assign GTJAS's rights or obligations under this Agreement to any of GTJAS's subsidiaries or affiliates without giving any prior notice, or to any other entity upon prior written notice to the Client. GTJAS may disclose such information as it thinks fit to the potential assignee for the purpose of entering into contractual agreement with this party in relation to all or part of its rights, benefits and obligations under this Agreement. The Client shall not assign the Account and/or any of the Client rights and/or obligations under this Agreement to any other party except with GTJAS's prior written consent.

13.10. **Default:**

13.10.1. Any of the following non-exclusive and non-exhaustive events shall constitute an event of default: (a) the Client has breached any material term(s), representations, warranties and undertakings of this Agreement or defaulted in respect of any Transaction with GTJAS; (b) the Client fails to **pay** for or otherwise settle any purchase (including the subscriptions to acquire a new listing and issue of Securities and all costs and expenses of the Transactions) or other Transaction under this Agreement when due; (c) a voluntary or involuntary case or other procedure is commenced against the Client seeking or proposing bankruptcy, liquidation, reorganisation, an arrangement or composition, a freeze, standstill or moratorium, or other similar relief with respect to the Client or the Client's debts under any bankruptcy, insolvency, regulatory, supervisory or similar law (including any corporate or other law with potential application to the Client, if insolvent) or seeking the appointment of an insolvency official in respect of the Client or any substantial part of the Client's assets; (d) any warranty order of attachment or distress or equivalent is filed against the Client; and/or (e) when the Client's acts or omissions constitute negligence, breach of any laws and regulations.

13.10.2. If an event of default occurs, without prejudice to any other rights or remedies that GTJAS may have against the Client and without further demand or notice to the Client, all outstanding indebtedness to GTJAS and any member of the GTJA Group (whether actual or contingent, present or future) will become immediately due and payable, including those not already due and payable and GTJAS shall be irrevocably authorized and entitled to: (a) cancel any or all outstanding orders or any other commitments made on the Client behalf; (b) cover any short position in the Account through the purchase of Securities or liquidate any long position in the Account through the sale of Securities; (c) sell, dispose of or otherwise deal with in whatever manner any Securities and/or credit balance in the Account and any other accounts under the GTJA Group; (d) sell or realize all or any part of the Client's property held by GTJAS or other member of GTJA Group in such manner and upon such terms as GTJAS may conclusively decide and satisfy the Client's obligations and indebtedness towards GTJAS or GTJAS's affiliates out of the net proceeds (with fees, expenses and costs deducted) in any order as GTJAS thinks fit.

13.10.3. Notwithstanding of clause 13.10.2 above, GTJAS may, at any time, combine or consolidate all or any of such accounts as are for the time being opened and maintained by the Client with GTJAS, including the Account, and the Client hereby irrevocably authorize GTJAS, without giving prior notice to the Client (without prejudice to the other authorities granted to GTJAS hereunder): (a) to instruct other member of GTJA Group to transfer on the Client's behalf any funds standing from time to time in any account maintained at any time by the Client with other member of GTJA Group to any of the Client's account maintained at any time with GTJAS; (b) to transfer any funds standing from time to time in any account maintained by the Client with GTJAS to any account maintained at any time by the Client with other member of GTJA Group; (c) to set-off or transfer any sum standing to the credit of any one or more such accounts by the Client in or towards satisfaction of the Client's indebtedness, obligation or liability to GTJAS, other member of GTJA Group or GTJAS's affiliates on any of the accounts or in any other respect whatsoever, whether such indebtedness, obligations or liabilities be present or future, actual or contingent, primary or collateral, several or joint, secured or unsecured; and (d) to give other member of GTJA Group notice of such authority, and when such combination, consolidation, set-off or transfer requires the conversion of the currency into another, such conversion shall be calculated at such rate of exchange as conclusively determined by GTJAS's prevailing in such foreign exchange market as GTJAS may at its absolute discretion (but shall notify the Client of GTJAS's decision) select on or about the date of the combination, consolidation, set-off or transfer. In respect of any payments by GTJAS to offset and discharge any of the Client's obligations to other member of GTJA Group or GTJAS's affiliates, GTJAS shall not be concerned whether or not such obligation exist, provided demand has been made on GTJAS by other member of GTJA Group or GTJAS's affiliates.

13.11. **Set-off:**

13.11.1. Unless expressly provided otherwise in the Agreement, all sums payable by the Client under the Agreement shall be paid in full without set-off or counterclaim or any restriction or condition.

13.11.2. The Client irrevocably and unconditionally authorises GTJAS to apply any amounts (in whatever currency) standing to the credit of the Accounts and/or any other account(s) in the Client's name with GTJAS or GTJAS's Affiliates in reduction of any amounts (whether matured or contingent) payable by the Client under the Agreement.

13.11.3. In addition to any right of set-off, offset, combination of accounts, lien, right of retention or withholding or similar right GTJAS may have under the Agreement or by law, GTJAS may, without prior notice to the Client or any other person, set off any sum or obligation (whether or not arising under the Agreement, whether matured or contingent and irrespective of the currency, place of payment or booking office of the sum or obligation) owed by the Client to GTJAS or any Affiliate of GTJAS against any sum or obligation (whether or not arising under the Agreement, whether matured or contingent and irrespective of the currency, place of payment or booking office of the sum or obligation) owed by GTJAS or any Affiliate of GTJAS to the Client.

13.12. **Termination:** Either party may terminate this Agreement at any time provided a written notice is given to the other party fifteen days in advance. The Client understands, upon the presentation of such notice, that the Client's Account shall be restricted to the closing transactions only (i.e. the liquidation of existing Securities) and GTJAS shall deal with the assets in the Account in such manner as it at its absolute discretion thinks fit including immediately repaying or settling any outstanding indebtedness owed to GTJAS and any member of the GTJA Group and paying the Client any remaining credit balance, if any. However, GTJAS may terminate this Agreement forthwith at any time without notice to the Client if the Client breaches or fails to comply with any terms of this Agreement (termination for cause). Any termination is conditioned on the satisfaction of any outstanding indebtedness and/or obligations in the Client's Account in GTJAS or other member of the GTJA Group, including but not limited to any debit balance, executed and yet unpaid purchases, and the settlement of the subscription, allocation and acquisition of the shares of a new listing and issue and shall not affect any Instructions executed or Transaction already entered into, or prejudice or affect any right, power, duty and obligation of either party accrued, prior to such termination.

13.13. **English/Chinese Version:** The Client confirms that the Client has read the English or Chinese version of this Agreement and that the contents of this Agreement have been fully explained to the Client in a language which the Client understands, and that the Client accepts this Agreement in its entirety. In the event that there is inconsistency between the English version and the Chinese version of this Agreement, the English version shall prevail.

13.14. **Descriptive Headings:** The heading of each provision hereof is for descriptive purposes only. They shall not be deemed to modify, qualify or otherwise substitute for any of the rights or obligations set forth in each of the provisions thereof contained in this Agreement.

13.15. **Indemnification:** The Client agrees that GTJAS, any member of GTJA Group and their respective directors, officers, employees and agents shall not be liable for any delay or failure to perform any of GTJAS's obligations hereunder or for any losses caused directly or indirectly by any condition or circumstances over which GTJAS, any member of the GTJA Group and their respective directors, officers, employees or agents do not have control, including but not limited to government restriction, exchange or market rulings, suspension of trading, failure of electronic or mechanical equipment or communication lines, telephone or other interconnect problems, unauthorized access, theft, war (whether declared or not), severe weather, earthquakes and strikes. The Client agrees to fully indemnify and keep indemnified GTJAS and its Affiliates and their directors, officers, employees and agents ("**Indemnified Persons**") on demand against any loss, cost, claim, liability or expense, including legal fees, that may be suffered or incurred by any and/or all of the Indemnified Persons, arising out of or in connection with any Instructions or Transactions (including but not limited to claims from third party service providers with which GTJAS or its Affiliates execute an Instruction or Transaction), or otherwise arising out of any action or omission by GTJAS in accordance with the terms of this Agreement, or arising out of any event of default, or arising out of any breach by the Client of any of its obligations under this Agreement, including any costs reasonably incurred by GTJAS in collecting any debts due to GTJAS or any unpaid deficiency in the Account, in enforcing the rights of GTJAS hereunder or in connection with the closure of the Account, and any penalty charged to GTJAS by any exchange and/or clearing house.

14. RISK DISCLOSURE STATEMENTS

- 14.1. **Risk of Securities Trading:** The price of Securities fluctuates, sometimes dramatically. The price of a Security may move up or down and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling Securities.
- 14.2. **Fluctuation in Prices:** The Client acknowledges and agrees that the price of Securities can and does fluctuate, and that any individual Security may experience upward or downward movements and may even become valueless. There is an inherent risk associated with the dealings of Securities and the Client is prepared and able to accept and tolerate such risk.
- 14.3. **Securities in Custody:** The Client acknowledges and agrees that there are risks in leaving Securities in the safe custody of GTJAS, GTJAS's nominee or agent or in authorizing GTJAS to deposit Securities as collateral for loans or advances made to the Client or authorizing GTJAS to borrow or loan Securities; and that GTJAS will not be responsible for any damage or loss arising in connection with such safe custody nor any act, default or negligence of any independent nominee, or other third party(ies) and the Client accepts that any Securities placed and pledged with any of them are at the Client's own risk.
- 14.4. **Risk of Electronic Trading:** Access to the Internet or other electronic devices may be limited or unavailable during periods of peak demand, market volatility, systems upgrades or maintenance or for other reasons. Transactions conducted through the Internet or other electronic devices may be subject to interruption, transmission blackout, and delayed transmission due to unpredictable traffic congestion and other reasons beyond GTJAS's control. Internet is, due to technical limitation, an inherently unreliable medium of communication. As a result of such unreliability, there may be delays in the transmission and receipt of Instructions and other information and that this may result in delays in the execution of Instructions and/or the execution of Instructions at prices different from those prevailing prices at the time the Instructions were given. Moreover, communications and personal data may be accessed by unauthorized third party; and there are risks of misunderstanding or errors in any communication and that such risks shall be absolutely borne by the Client. The Client acknowledges and agrees that it shall not usually be possible to cancel an Instruction after it has been given.
- 14.5. **Trading facilities:** Electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. The Client's ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or participant firms. Such limits may vary: the Client should ask the firm with which the Client deals for details in this respect.
- 14.6. **Electronic trading:** Trading on an electronic trading system may differ from trading on other electronic trading systems. If the Client undertakes transactions on an electronic trading system, the Client will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that the Client's order is either not executed according to the Client's Instruction or is not executed at all.
- 14.7. **Off-exchange transactions:** In some jurisdictions, and only then in restricted circumstances, firms are permitted to effect off-exchange transactions. The firm with which the Client deals may be acting as the Client's counterparty to the transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before the Client undertakes such transactions, the Client should familiarize himself/herself with applicable rules and attendant risks.
- 14.8. **Risk of entering into over-the-counter derivative transactions with an unlicensed person:** If the Client enters into over-the-counter derivative transactions with Guotai Junan Financial Products Limited ("**Your Counterparty**"), it is important for the Client to note that Your Counterparty is not licensed by the SFC and hence is not subject to the conduct and prudential supervision by the SFC. The Client should also note that Your Counterparty is not regulated by any other financial regulator and as such, the Client may not receive any regulatory protection at all. The Client should cautiously consider whether it would be in the Client's best interest to enter into over-the-counter derivative transactions with Your Counterparty instead of a licensed corporation and seek independent professional advice when in doubt.
- 14.9. **Risk of Trading GEM Stocks:** GEM stocks involve a high investment risk. In particular, companies may list on GEM with neither a track record of profitability nor any creditability to forecast future profitability. GEM stocks may be very volatile and illiquid. The Client acknowledges that the Client should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors. Current information on GEM stocks may only be found on the website operated by the Exchange. GEM companies are usually not required to issue paid announcements in gazetted newspapers. The Client acknowledges that

the Client should seek independent professional advice if the Client should be uncertain of or have not understood any aspect of this risk disclosure statement or the nature and risks involved in trading of GEM stocks.

14.10. Risk of Trading Nasdaq-Amex Securities at the Exchange: The securities under the Nasdaq-Amex Pilot Program ("PP") are aimed at sophisticated investors. The Client should consult his professional advisors and become familiarized with the PP before trading in the PP Securities. The Client should be aware that the PP securities are not regulated as a primary or secondary listing on the Main Board or GEM of the Exchange.

14.11. Risks of Assets received or held outside Hong Kong: The Client acknowledges and agrees that the Client Assets received or held by the licensed or registered persons outside Hong Kong are subject to the applicable laws and regulations of the relevant overseas jurisdiction which may be different from the SFO and the rules made thereunder. Consequently, the Client's Assets may not enjoy the same protection as that conferred on the Client's Assets received or held in Hong Kong.

14.12. Risk of trading Hong Kong Listed Derivative Warrants ("DW"):

14.12.1. Issuer default risk: In the event that a DW issuer becomes insolvent and defaults on their listed securities, investors will be considered as unsecured creditors and will have no preferential claim to any assets held by the issuer. Investors should therefore pay close attention to the financial strength and credit worthiness of DW issuers.

14.12.2. Uncollateralised product risk: Uncollateralised DWs are not asset backed. In the event of issuer bankruptcy, investors can lose their entire investment. Investors should read the listing documents to determine if a product is uncollateralised.

14.12.3. Gearing risk: DWs are leveraged and can change in value rapidly according to the gearing ratio relative to the underlying assets. Investors should be aware that the value of a DW may fall to zero resulting in a total loss of the initial investment.

14.12.4. Expiry considerations: DWs have an expiry date after which the issue may become worthless. Investors should be aware of the expiry time horizon and choose a product with an appropriate lifespan for their trading strategy.

14.12.5. Extraordinary price movements: The price of a DW may not match its theoretical price due to outside influences such as market supply and demand factors. As a result, actual traded prices can be higher or lower than the theoretical price.

14.12.6. Foreign exchange risk: Investors trading DWs with underlying assets not denominated in Hong Kong dollars are also exposed to exchange rate risk. Currency rate fluctuations can adversely affect the underlying asset value and thereby also affect the DW price.

14.12.7. Liquidity risk: The Exchange requires all DW issuers to appoint a liquidity provider for each individual issue. The role of liquidity providers is to provide two way quotes to facilitate trading of their products. In the event that a liquidity provider defaults or ceases to fulfill its role, investors may not be able to buy or sell the product until a new liquidator provider has been assigned.

14.12.8. Time decay risk: All things being equal, the value of a DW will decay over time as it approaches its expiry date. DWs should therefore not be viewed as long term investments.

14.12.9. Volatility risk: Prices of DWs can increase or decrease in line with the implied volatility of underlying asset price. Investors should be aware of the underlying asset volatility.

14.13. Risk of trading Callable Bull/Bear Contracts ("CBBC"):

14.13.1. Issuer default risk: In the event that a CBBC issuer becomes insolvent and defaults on their listed securities, investors will be considered as unsecured creditors and will have no preferential claim to any assets held by the issuer. Investors should therefore pay close attention to the financial strength and credit worthiness of CBBC issuers.

14.13.2. Uncollateralised product risk: Uncollateralised CBBCs are not asset backed. In the event of issuer bankruptcy, investors can lose their entire investment. Investors should read the listing documents to determine if a product is uncollateralised.

- 14.13.3. **Gearing risk:** CBBCs are leveraged and can change in value rapidly according to the gearing ratio relative to the underlying assets. Investors should be aware that the value of a CBBC may fall to zero resulting in a total loss of the initial investment.
- 14.13.4. **Expiry considerations:** CBBCs have an expiry date after which the issue may become worthless. Investors should be aware of the expiry time horizon and choose a product with an appropriate lifespan for their trading strategy.
- 14.13.5. **Extraordinary price movements:** The price of a CBBC may not match its theoretical price due to outside influences such as market supply and demand factors. As a result, actual traded prices can be higher or lower than the theoretical price.
- 14.13.6. **Foreign exchange risk:** Investors trading CBBCs with underlying assets not denominated in Hong Kong dollars are also exposed to exchange rate risk. Currency rate fluctuations can adversely affect the underlying asset value and thereby also affect the CBBC price.
- 14.13.7. **Liquidity risk:** The Exchange requires all CBBC issuers to appoint a liquidity provider for each individual issue. The role of liquidity providers is to provide two way quotes to facilitate trading of their products. In the event that a liquidity provider defaults or ceases to fulfill its role, investors may not be able to buy or sell the product until a new liquidator provider has been assigned.
- 14.13.8. **Mandatory call risk:** Investors trading CBBCs should be aware of their intraday “knockout” or mandatory call feature. A CBBC will cease trading when the underlying asset value equals the mandatory call price/level as stated in the listing documents. Investors will only be entitled to the residual value of the terminated CBBC as calculated by the product issuer in accordance with the listing documents. Investors should also note that the residual value can be zero.
- 14.13.9. **Funding costs:** The issue price of a CBBC includes funding costs. Funding costs are gradually reduced over time as the CBBC moves towards expiry. The longer the duration of the CBBC, the higher the total funding costs will be. In the event that a CBBC is called, investors will lose the funding costs for the entire lifespan of the CBBC. The formula for calculating the funding costs are stated in the listing documents.
- 14.14. **Risk of trading Exchange Traded Funds (“ETF”):**
- 14.14.1. **Market risk:** ETFs are typically designed to track the performance of certain indices, market sectors, or groups of assets such as stocks, bonds, or commodities. ETF managers may use different strategies to achieve this goal, but in general they do not have the discretion to take defensive positions in declining markets. Investors must be prepared to bear the risk of loss and volatility associated with the underlying index/assets.
- 14.14.2. **Tracking errors:** Tracking errors refer to the disparity in performance between an ETF and its underlying index/assets. Tracking errors can arise due to factors such as the impact of transaction fees and expenses incurred to the ETF, changes in composition of the underlying index/assets, and the ETF manager’s replication strategy. (The common replication strategies include full replication/representative sampling and synthetic replication which are discussed in more detail below).
- 14.14.3. **Trading at discount or premium:** An ETF may be traded at a discount or premium to its net asset value. This price discrepancy is caused by supply and demand factors, and may be particularly likely to emerge during periods of high market volatility and uncertainty. This phenomenon may also be observed for ETFs tracking specific markets or sectors that are subject to direct investment restrictions.
- 14.14.4. **Foreign exchange risk:** Investors trading ETFs with underlying assets not denominated in Hong Kong dollars are also exposed to exchange rate risk. Currency rate fluctuations can adversely affect the underlying asset value and thereby also affect the ETF price.
- 14.14.5. **Liquidity risk:** Securities market makers are Exchange Participants that provide liquidity to facilitate trading in ETFs. Although most ETFs are supported by one or more securities market makers, there is no assurance that active trading will be maintained. In the event that the securities market makers default or cease to fulfill their role, investors may not be able to buy or sell the product.
- 14.14.6. **Counterparty risk involved in ETFs with different replication strategies**
- (a) **Full replication and representative sampling strategies:** An ETF using a full replication strategy generally aims to invest in all constituent stocks/assets in the same weightings as its benchmark. ETFs adopting a

representative sampling strategy will invest in some, but not all of the relevant constituent stocks/assets. For ETFs that invest directly in the underlying assets rather than through synthetic instruments issued by third parties, counterparty risk tends to be less of concern.

(b) **Synthetic replication strategies:** ETFs utilizing a synthetic replication strategy use swaps or other derivative instruments to gain exposure to a benchmark. Currently, synthetic replication ETFs can be further categorized into two forms:

(i) Swap-based ETFs

- Total return swaps allow ETF managers to replicate the benchmark performance of ETFs without purchasing the underlying assets.
- Swap-based ETFs are exposed to counterparty risk of the swap dealers and may suffer losses if such dealers default or fail to honor their contractual commitments.

(ii) Derivative embedded ETFs

- ETF managers may also use other derivative instruments to synthetically replicate the economic benefit of the relevant benchmark. The derivative instruments may be issued by one or multiple issuers.
- Derivative embedded ETFs are subject to counterparty risk of the derivative instruments' issuers and may suffer losses if such issuers default or fail to honor their contractual commitments.

Even where collateral is obtained by an ETF, it is subject to the collateral provider fulfilling its obligations. There is a further risk that when the right against the collateral is exercised, the market value of the collateral could be substantially less than the amount secured resulting in significant loss to the ETF.

14.15. Risk of trading equity linked instruments ("ELI"): ELIs are structured products involving derivatives and its return component is based on the performance of the underlying asset. Investor purchasing an ELI is indirectly writing an option on the underlying shares. Investors should pay attention to the points below.

14.15.1. Exposure to equity market: Investors are exposed to price movements in the underlying security and the stock market, the impact of dividends and corporate actions and counterparty risks. Investors must also be prepared to accept the risk of receiving the underlying shares or a payment less than their original investment.

14.15.2. Possibilities of losing investment: Investors may lose part or all of their investment if the price of the underlying security moves against their investment view.

14.15.3. Price adjustment: Investors should note that any dividend payment on the underlying security may affect its price and the payback of the ELI at expiry due to ex-dividend pricing. Investors should also note that issuers may make adjustments to the ELI due to corporate actions on the underlying security.

14.15.4. Interest rates: While most ELIs offer a yield that is potentially higher than the interest on fixed deposits and traditional bonds, the return on investment is limited to the potential yield of the ELI.

14.15.5. Potential yield: Investors should consult their brokers on fees and charges related to the purchase and sale of ELI and payment / delivery at expiry. The potential yields disseminated by the Exchange have not taken fees and charges into consideration.

14.16. Risk of trading Renminbi products:

14.16.1. Renminbi currency risk: Renminbi is not freely convertible at present and conversion of Renminbi through banks in Hong Kong is subject to certain restrictions. For Renminbi products which are not denominated in Renminbi or with underlying investments which are not Renminbi denominated, such products will be subject to multiple currency costs involved in making investments and liquidating investments, as well as the Renminbi exchange rate fluctuations and bid/offer spreads when assets are sold to meet redemption requests and other capital requirements (e.g. settling operating expenses). The PRC government regulates the conversion of Renminbi and other currencies. If the restrictions on Renminbi convertibility and the limitations on the flow of the Renminbi funds between PRC and Hong Kong become more stringent, the depth of the Renminbi market in Hong Kong may become further limited.

14.16.2. Exchange rate risk: The value of the Renminbi against the Hong Kong dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economical conditions and by many other factors. For

Renminbi products, the value of investor's investment in Hong Kong dollar terms may decline if the value of Renminbi depreciates against Hong Kong dollar.

- 14.16.3. **Interest rate risk:** The PRC government has gradually liberalized the regulation of interest rates in recent years. Further liberalization may increase interest rate volatility. For Renminbi products which are, or may invest in, Renminbi debt instruments, such instruments are susceptible to interest rate fluctuations, which may adversely affect the return and performance of the Renminbi products.
- 14.16.4. **Limitation on the provision of Renminbi funding:** In case the Client does not have sufficient Renminbi funding in the account to subscribe Renminbi products, subject to compliance with all applicable laws, rules and regulations, GTJAS may assist the Client to convert other currencies to Renminbi. However, GTJAS do not guarantee that it can assist the Client to obtain sufficient Renminbi funding due to the limitation on the flow of Renminbi funds in Hong Kong. GTJAS may unwind the Client's trade due to insufficient Renminbi funding and the Client's investment may be adversely affected if he suffers losses due to settlement failure.
- 14.16.5. **Limited availability of underlying investments denominated in Renminbi:** For Renminbi products that do not have access to invest directly in Mainland China, their available choice of underlying investments denominated in Renminbi outside Mainland China may be limited. Such limitation may adversely affect the return and performance of the Renminbi products.
- 14.16.6. **Projected returns which are not guaranteed:** For some Renminbi investment products, their return may not be guaranteed or may only be partly guaranteed. Investors should read carefully the statement of illustrative return attached to such products and in particular, the assumption on which the illustration are based, including, for example, any future bonus or dividend declaration.
- 14.16.7. **Long Term commitment to investment products:** For Renminbi products which involve a long period of investment, if investor redeems his investment before the maturity date or during the lock-up period (if applicable), investor may incur significant loss of principal where the proceeds may be substantially lower than the invested amount. Investor may also suffer from early surrender / withdrawal fees and charges as well as the loss of returns (where applicable) as a result of redemption before the maturity date or during lock-up period.
- 14.16.8. **Credit risk of counterparties:** For Renminbi products investing in Renminbi debt instruments which are not supported by any collateral, such products are fully exposed to the credit risk of the relevant counterparties. Where a Renminbi product may invest in derivative instruments, counterparty risk may also arise as the default by the derivative issuers which may adversely affect the performance of the Renminbi product and result in substantial loss.
- 14.16.9. **Liquidity risk:** Renminbi products may suffer significant losses in liquidating the underlying investment, especially if such investments do not have an active secondary market and their prices have large bid / offer spread.
- 14.16.10. **Possibility of not receiving Renminbi upon redemption:** For Renminbi products with a significant portion of non-Renminbi denominated underlying investments, there is a possibility of not receiving the full amount in Renminbi upon redemption. This may be the case if the issuer is not able to obtain sufficient amount of Renminbi in a timely manner due to the exchange controls and restrictions applicable to the currency.

14.17. Risk of trading bonds

- 14.17.1. **Issuer default risk:** There is a risk that the issuer may fail to pay investors the interest or principal as scheduled.
- 14.17.2. **Interest rate risk:** When the interest rate rises, the price of a fixed rate bond will normally drop. If investors want to sell their bond before it matures, they may get less than their purchase price.
- 14.17.3. **Foreign exchange risk:** Investors trading bond denominated in a foreign currency face an exchange rate risk. Any fall in the foreign currency will reduce the amount investors receive when they convert a payment of interest or principal back into the local currency.
- 14.17.4. **Liquidity risk:** Investors may need to sell the bonds before maturity when they have an urgent cash-flow need or use the capital for other investments. However, investors may not achieve this if the liquidity of the secondary bond market is low.

- 14.17.5. **Reinvestment risk:** If investors hold a callable bond, when the interest rate goes down, the issuer may redeem the bond before maturity. If this happens investors have to re-invest the proceeds, the yields on other bonds in the market will generally be less favorable.
- 14.17.6. **Equity risk:** If the bond is "convertible" or "exchangeable", investors also face equity risk associated with stocks. A fall in the stock price will usually make the bond price fall.
- 14.18. **Risk of providing authority to hold mail or to direct mail to third parties:** If the Client provides GTJAS with an authority to hold mail or to direct mail to third parties, it is important for the Client to promptly collect in person all contract notes and statements of the Client Account and review them in detail to ensure that any anomalies or mistakes can be detected in a timely fashion.
- 14.19. **Instructions Outside Hong Kong:** If the Client gives any Instruction to GTJAS outside Hong Kong, the Client agrees to ensure and represent that such Instruction will have been given in compliance with any applicable law of the relevant jurisdiction from which the Client's Instruction is given, and the Client further agrees that the Client shall, when in doubt, consult legal advisers and other professionals of the relevant jurisdiction. The Client accepts that there may be taxes or charges payable to relevant authorities in respect to any Instruction given outside Hong Kong, and the Client agrees to pay such taxes or charges as applicable.
- 14.20. **Acknowledgment of the Risks:** The Client has been explained by GTJAS's licensed person and understand the above stated risk disclosures.

15. CLIENT IDENTITY

- 15.1. **Assistance to Hong Kong Regulators:** GTJAS is required to provide to SFC and the Exchange identity details of the ultimate person(s) for whom it is processing a Transaction as well as the person(s) who give(s) Instructions in relation to that Transaction within two (2) business days of their request. In exceptional market circumstances, the details may have to be made available very shortly after the request. Alternatively, GTJAS may provide the required details directly to the regulators in the manner described below.
- 15.2. **Disclosure of Beneficiaries:** If the Client effects Transactions for the account of clients or other beneficial owners, whether on a discretionary or non-discretionary basis, and whether as agent or by matching Transactions as principal with the beneficiaries, the Client agrees that, in relation to a Transaction where GTJAS has received an inquiry from regulators, the Client shall immediately upon GTJAS's request provide to GTJAS or the regulators such identity details of the beneficiaries for whose Account the Transaction was effected, of the person with the ultimate beneficial interest in the Transaction and/or of the person who originated the Transaction.
- 15.3. **Arrangement where Beneficiaries are intermediaries:** If the Client is aware that any of the beneficiaries is acting as intermediary for its underlying client(s), and the Client does not know the identity, address, occupation and contact details of the underlying client(s) for whom the Transaction was effected, the Client confirms that the Client has arrangements in place with such underlying clients or beneficiaries, which entitle the Client to obtain the details contemplated above from the beneficiaries immediately upon request or procure that they be so obtained within two (2) business days of the regulator's request. The Client will, upon GTJAS's request in relation to a Transaction, promptly request the requisite identity details from the underlying clients or beneficiaries on whose Instructions the Transaction was effected, and provide them to the regulators as soon as received from the beneficiaries or procure that they be so provided within two (2) business days of regulator's request.
- 15.4. **Survivability:** The Client further confirms that the Client's obligations under this clause 15 will continue after the termination of this Agreement.
- 15.5. **Suspension or Termination of Account:** In case the Client fails to reply to GTJAS or its regulators within two (2) business days of the regulators' request, GTJAS has the right to immediately suspend or terminate the Account or any securities transaction without prior notice to the Client, and shall not be liable for any loss caused either by the Client's failure to comply with GTJAS' or the regulators' request, or by GTJAS' suspension or termination of the Account. On the contrary, the Client shall fully indemnify GTJAS against any loss suffered as a result of the Client's failure to comply with the regulator's request within two (2) business days of such request.

16. PERSONAL DATA

16.1. The Client may from time to time be requested by GTJAS to supply personal data relating to the Client. GTJAS may use the Client's personal data for the purposes stipulated in GTJAS's Personal Information Collection Statement ("**PICS**"), which has been provided to the Client and is posted on GTJAS's website (www.gtjai.com). The Client acknowledges he or she has read and understand the content of the PICS. The Client agrees that GTJAS may: (1) use such personal data on the terms of and for the purposes set out in the PICS; (2) use such sensitive personal data for the purposes set out in the PICS; and (3) conduct any cross-border transfer of such personal data for the purposes set out in the PICS. The Client further agrees to any revision or amendment that GTJAS may from time to time make in respect of any content of the PICS by notice to the Client. Where personal data or information relating to any representatives (including directors, employees, agents, customers (direct or indirect) or affiliates) of the Client or any third party is provided to or held by GTJAS in the course of the business dealings between GTJAS and the Client, the Client undertakes that it has obtained the consent of the relevant representatives/parties to enable GTJAS to use, process, deal, share or transfer such data or information for the purposes set out in the PICS and the Client further undertakes to promptly provide evidence of such consents to GTJAS upon request from time to time.

17. AEOI COMPLIANCE

17.1. **Disclosure, Consent and Waiver:** The Client shall provide to GTJAS, GTJA Group, their agents or service providers, upon request, any documentation or other information regarding the Client and its beneficial owners that GTJAS, GTJA Group, their agents or service providers may require from time to time in connection with their obligations under, and compliance with, applicable laws and regulations including, but not limited to, AEOI. The Client hereby agrees and consents that GTJAS, GTJA Group and their agents and service providers may collect, store and process information obtained from the Client or otherwise in connection with this Agreement and/or the Client's transactions for the purposes of complying with AEOI and/or other applicable law, including disclosures between GTJAS and any of them and to the governmental authorities of the United States of America, Hong Kong and/or other jurisdictions. To the extent permitted by law, Client hereby waives any provision of any data protection, privacy, banking secrecy or other law or regulation of any jurisdiction and/or the terms of any confidentiality agreement, arrangement or understanding that would otherwise prevent compliance by GTJAS, GTJA Group and their agents and service providers with AEOI and/or other applicable law. The Client acknowledges that this may include transfers of information to jurisdictions which do not have strict data protection, data privacy laws or banking secrecy laws. The Client shall ensure that, before the Client or anyone on its behalf discloses information relating to any third party to GTJAS, GTJA Group or their agents or service providers in connection with this Agreement or the Client's transactions that third party has been provided with such information and has given such consents or waivers as are necessary to allow GTJAS, GTJA Group and their agents and service providers to collect, store, process and disclose his, her or its information as described in this Clause.

17.2. Provision of Information:

- (a) The Client shall upon request by GTJAS confirm to GTJAS (i) whether the Client is a person who is entitled to receive payments free from any deduction or withholding as required by AEOI (the "AEOI Exempt Person"); and (ii) supply to GTJAS such forms, documentation and other information relating to the Client's status under AEOI (including its applicable passthru rate or other information required under the US Treasury Regulations or other official guidance including intergovernmental agreements) as GTJAS reasonably requests for the purposes of that GTJAS's compliance with AEOI (and the compliance of any of GTJA Group).
- (b) If the Client confirm to GTJAS pursuant to the above that the Client is a AEOI Exempt Party and the Client subsequently becomes aware that the Client is not, or has ceased to be a AEOI Exempt Party, the Client shall notify GTJAS as soon as reasonably practicable.
- (c) If the Client fails to confirm its status or to supply forms, documentation or other information requested in accordance with paragraph (a) above (including, for avoidance of doubt, where paragraph (b) above applies), then::
 - (i) If the Client failed to confirm whether the Client is (and/or remains) a AEOI Exempt Party then the Client will be treated as if the Client is not a AEOI Exempt Party; and
 - (ii) If the Client failed to confirm its applicable passthru rate then the Client will be treated as if its applicable passthru rate is 100%, until such time as the Client provides GTJAS the requested confirmation, forms, documentation or other information.

17.3. **Withholding or Deduction:** If GTJAS is required pursuant to AEOI or otherwise by law to withhold or deduct any AEOI withholding taxes (including any penalties or interest payable in connection with any failure to pay or any delay in paying any such taxes) on any payments to the Client, GTJAS may withhold or deduct such taxes and GTJAS will not be required to increase any payment in respect of which GTJAS makes such withholding or deduction. The Client shall be treated for all purposes of this Agreement as if GTJAS had discharged all its obligations to make payment and the Client had received the full amount of the payment, without any deduction or withholding. The Client shall provide GTJAS such

additional documentation reasonably requested by GTJAS to determine the amount to deduct and withhold from such payment.

18. CHINA CONNECT

- 18.1. Without prejudice to any other provisions in this Agreement, the Client acknowledges and accepts the following additional terms and conditions applicable to trading in securities ("China Connect Securities") listed in the Shanghai Stock Exchange ("SSE") and/or Shenzhen Stock Exchange ("SZSE") through the Shanghai Connect and/or Shenzhen Connect under China Connect ("Northbound trading"):
- (a) The Client represents and undertakes on a continuing basis, including without limitation on each date that the Client places an order or gives an instruction in respect of China Connect Securities, that: (1) the Client is not a Mainland China Resident or an entity incorporated or registered under the laws of Mainland China; (2) the Client's investment in China Connect Securities does not violate the laws and regulations of Mainland China, including those in relation to foreign exchange control and reporting; and (3) the Client will trade shares listed on the ChiNext Board of the SZSE ("ChiNext Shares") and shares listed on the STAR Board of the SSE ("STAR Shares") only when the Client is, and in the case where the Client is an intermediary (including, but not limited to, a fund manager, asset manager, broker or order placer) trading for or on behalf of an underlying client or clients, each of such underlying client is, an Eligible Investor to trade ChiNext Shares and STAR Shares under the Northbound Trading Regulations;
 - (b) The Client must understand and comply with all the applicable by-laws, codes, rules and regulations of SSE and/or SZSE ("SSE/SZSE Rules"), the relevant rules applicable to the companies listed in SSE/SZSE as issued by SSE/SZSE ("SSE/SZSE Listing Rules"), and other applicable laws and regulations of Mainland China relating to Northbound trading (together "Northbound Trading Regulations"). The Client acknowledges that if the Client is in breach of any Northbound Trading Regulations, the Client will be subject to regulatory investigation and be personally liable to any legal and regulatory consequences. GTJAS will not and does not intend to advise the Client on any of such Northbound Trading Regulations. The Client should consult the Northbound Trading Regulations (including but not limited to the information about Northbound Trading Regulations published by Hong Kong Exchanges and Clearing Limited which can be accessed at its website) and obtain professional advice as necessary;
 - (c) The Client hereby agrees and authorizes GTJAS to do or not to do whatever act without Client's prior approval in connection with any Northbound trading of the Client as GTJAS in its absolute discretion deems appropriate to comply with any Northbound Trading Regulations or any orders, directions, notices or requests from any authorities. GTJAS shall not be liable for any loss or damage directly or indirectly suffered by the Client arising from or in connection with such action or inaction of GTJAS;
 - (d) The Client must understand fully the rules and regulations of Mainland China in relation to securities investment, such as short-swing profits, disclosure obligations and follow such rules and regulations accordingly;
 - (e) GTJAS may in its absolute discretion refuse to execute or complete any instructions from the Client on any grounds such as, for example, in GTJAS' reasonable belief, execution of such instructions may not be compliant with any Northbound Trading Regulations, or the Client does not have sufficient securities to settle delivery obligation or sufficient cash (in Renminbi) to settle payment obligation;
 - (f) Pre-trade checking is in place so that the Client must have his/her shares transferred to GTJAS' corresponding Central Clearing And Settlement System ("CCASS") account before the commencement of trading on a trading day if the Client intends to sell the shares during a trading day. Client undertakes to ensure there are sufficient and available China Connect Securities in his Account by the applicable cut-off time to cover any proposed sell order given on the relevant Trading Day. If GTJAS considers that Client does not for whatever reason have sufficient and available China Connect Securities in his Account to settle a sell order by the applicable cut-off time, GTJAS may in its absolute discretion: (1) reject Client's sell order (in whole or in part); (2) use any China Connect Securities in the designated CCASS stock account(s) which GTJAS holds for itself or on behalf of its other clients to fulfill the Pre-trade checking requirement in respect of Client's sell order, in which case Client shall reimburse GTJAS for any costs, losses or expenses which GTJAS incurs as a result of buying in or otherwise sourcing the amount of China Connect Securities which Client has failed to deliver in respect of his sell order on such terms and at such price (including any associated fees and expenses) and at such time as GTJAS shall determine in its absolute discretion); or (3) perform any other act which GTJAS considers necessary or desirable to comply with Pre-trade checking and/or relevant Northbound Trading Regulations and to cover Client's shortfall (including but not limited to applying any other China Connect Securities available to GTJAS from other sources);
 - (g) All trading must be conducted on SSE/SZSE, i.e. no over-the-counter (OTC) or manual trades are allowed;
 - (h) No day trading is allowed;
 - (i) GTJAS does not offer short selling service of China Connect Securities;
 - (j) Naked short selling of China Connect Securities is not allowed;
 - (k) GTJAS does not offer stock borrowing and lending services of China Connect Securities;

- (l) Foreign shareholding restriction (including the forced-sale arrangement) is in place and GTJAS has the right to “force-sell” the Client’s shares upon receiving the forced-sale notification from the Exchange;
- (m) GTJAS has the right to cancel the Client’s orders in case of contingency such as hoisting of Typhoon Signal No 8 in Hong Kong;
- (n) GTJAS may not be able to send in the Client’s order cancellation requests in case of contingency such as when the Exchange loses all its communication lines with SSE/SZSE, etc and the Client shall still bear the settlement obligations if the orders are matched and executed;
- (o) At the request of the Exchange (for the purposes of assisting SSE/SZSE or other regulators of Mainland China in its regulatory surveillance, investigation and/or enforcement, or otherwise as part of the regulatory cooperation between the Exchange and SSE/SZSE or other regulators of Mainland China), GTJAS may forward the information in relation to the Client, including but not limited to the Client’s identity, personal data and trading activities, to the Exchange which may on-forward such information to SSE/SZSE or other regulators of Mainland China for such surveillance, investigation or enforcement purposes;
- (p) If any Northbound Trading Regulations is breached, or the disclosure and other obligations referred to in the SSE/SZSE Listing Rules or SSE/SZSE Rules is breached, SSE/SZSE has the power to carry out investigation, and may, through the Exchange, require GTJAS to provide relevant information and materials (in relation to, including but not limited to, the Client’s identity, personal data and trading activity) and to assist in its investigation. The Client shall upon request by GTJAS, SSE/SZSE or the Exchange provide such information and provide such assistance as requested. The Client hereby waives the benefit of any applicable secrecy laws and personal data protection laws;
- (q) The Exchange may upon SSE’s/SZSE’s request, require GTJAS to reject or cancel orders from the Client;
- (r) The Client needs to understand and accept the risks concerned in Northbound trading, including but not limited to prohibition of trading securities listed in SSE/SZSE, being liable or responsible for breaching the SSE/SZSE Listing Rules, SSE/SZSE Rules and other applicable laws and regulations;
- (s) SSE/SZSE may request the Exchange to require GTJAS to issue warning statements (verbally or in writing) to the Client, and not to extend Northbound trading to the Client;
- (t) GTJAS shall have no obligation to collect or receive or take any other action in relation to any payment or distribution in respect of China Connect Securities for the Client’s account, or to notify the Client about any notice, circular, announcement or similar corporate action in respect of China Connect Securities;
- (u) The Client shall be solely responsible for all fees, charges, levies and taxes and all filing, tax returns, and other registration or reporting obligations as may be required by any relevant authority, relating to any of the Client’s investment through Northbound trading and any incomes, dividends, profits and entitlements in respect of such investment; and
- (v) GTJAS, Hong Kong Exchanges and Clearing Limited, the Exchange, the Exchange’s subsidiaries, SSE/SZSE and SSE’s/SZSE’s subsidiaries and their respective directors, employees and agents shall not be responsible or held liable for any loss or damage directly or indirectly suffered by the Client or any third parties arising from or in connection with Northbound trading or the China Connect.

18.2. The Client has read and acknowledged the following disclosure of specific risks relating to China Connect, and agrees that these disclosures do not cover all risks related to China Connect. The Client will obtain relevant professional advice as necessary:

- (a) **Not protected by Investor Compensation Fund:** The Client should note that any Northbound or Southbound trading under China Connect will not be covered by Hong Kong’s Investor Compensation Fund. As far as Hong Kong investors participating in Northbound trading are concerned, since they are carrying out Northbound trading through securities brokers in Hong Kong and these brokers are not Mainland China brokers, they are not protected by China Securities Investor Protection Fund on Mainland China.
- (b) **Pre-Trade Checking:** SEHK is required to check that in respect of any Northbound sell orders given by an Exchange Participant, the relevant Exchange Participant holds sufficient and available China Connect Securities to be able to fill such Northbound sell orders. Pre-Trade Checking will be carried out prior to the start of each Trading Day. Accordingly, the Client may be unable to execute Northbound sell orders due to Pre-Trade Checking related requirements. Note in particular that the Client may be unable to execute a sell order of China Connect Securities if there has been a delay or failure for whatever reason in the transfer of the relevant China Connect Securities to any clearing account of GTJAS or if for any other reason GTJAS considers that there is or may be non-compliance with any Northbound Trading Regulations. Any risk, loss or cost resulting from non-compliance or potential non-compliance with Pre-trade checking and/or the relevant Northbound Trading Regulations shall be borne by the Client.
- (c) **Quotas Restrictions:** Purchases of China Connect Securities through China Connect are subject to certain quota controls. As a result, there is no assurance that a buy order can be successfully placed through China Connect. There

is a daily quota that limits the maximum value of all Northbound buy trades that can be executed by Exchange Participants on each Trading Day ("Daily Quota"). The Daily Quota may change from time to time without prior notice and investors are advised to refer to the HKEx website and other information published by the HKEx for up-to-date information. The SEHK and the SSE and/or SZSE (as the case may be) may also set pricing and other restrictions on buy orders in order to prevent the artificial use or filling of the Daily Quota. If there is a restriction, rejection or suspension of Northbound buying (which would include any order that has been accepted but not yet executed) as a result of a breach of the Daily Quota or the relevant pricing and other restrictions, GTJAS will be unable to carry out any buy orders and any instruction to buy submitted but not yet executed will be restricted or rejected. Conversely, under the SEHK rules, investors may sell their China Connect Securities regardless of whether there is a breach of the Daily Quota.

- (d) **Difference in trading day and trading hours:** The Client should note that, due to differences in public holiday between Hong Kong and Mainland China or other reasons such as bad weather conditions, there may be difference in trading days and trading hours in the two markets. China Connect will only operate on days when both markets are open for trading and when banks in both markets are open on the corresponding settlement days. So it is possible that there are occasions when it is a normal trading day for the Mainland China market but Hong Kong investors cannot carry out any A-share trading. The Client should take note of the days and the hours which China Connect is open for business and decide according to their own risk tolerance capability whether or not to take on the risk of price fluctuations in A-shares during the time when China Connect is not trading.
- (e) **The recalling of eligible stocks and trading restrictions:** A stock may be recalled from the scope of eligible stocks for trading via China Connect for various reasons, and in such event the stock can only be sold but restricted from being bought. This may affect the investment portfolio or strategies of the Client. The Client should therefore pay close attention to the list of eligible stocks as provided and renewed from time to time by SSE, SZSE and SEHK. Under China Connect, the Client will only be allowed to sell A-share but restricted from further buying if: (i) the A-share subsequently ceases to be a constituent stock of the relevant indices; (ii) the A-share is subsequently under "risk alert"; and/or (iii) the corresponding H share of the A-share subsequently ceases to be traded on SEHK. The Client should also note that price fluctuation limit would be applicable to A-shares.
- (f) **Trading costs:** In addition to paying trading costs and stamp duties in connection with A-share trading, the Client carrying out Northbound trading via China Connect should also take note of any current and new tax in respect of income and capital gain arising from investment in securities which would be determined by the relevant authorities.
- (g) **Local market rules, foreign shareholding restrictions and disclosure obligations:** Under China Connect, A-shares listed companies and trading of A-share are subject to market rules and disclosure requirements of the A-share market. Any changes in laws, regulations and policies of the A-share market or rules in relation to China Connect may affect share prices. The Client should also take note of the foreign shareholding restrictions and disclosure obligations applicable to A-shares. The Client will be subject to restrictions on trading (including restriction on retention of proceeds) in A-shares as a result of its interest in the A-shares. The Client is solely responsible for compliance with all notifications, reports and relevant requirements in connection with its interests in A-shares. Under the current Mainland China rules, once an investor holds or controls shares (on an aggregate basis, i.e., including both domestically and overseas issued shares of the same Mainland China Listco (as defined below), whether the relevant holdings are through Northbound trading, QFII/RQFII regime or other investment channels) in a Mainland China incorporated company which is listed on a Mainland China stock exchange (a "Mainland China Listco") above a certain threshold as may be specified from time to time by the relevant regulatory authorities, the investor is required to disclose his interest within the period specified by the relevant regulatory authorities and during which he cannot trade the shares of that company. The investor is also required to disclose any change in his shareholding and comply with related trading restrictions in accordance with the Mainland China rules and regulations. Where a Mainland China incorporated company has both H Shares listed on the SEHK and A-Shares listed on the SSE and/or SZSE (as the case may be), if an investor is interested in more than a certain threshold (as may be specified from time to time) of any class of voting shares (including A-Shares purchased through China Connect) in such Mainland China incorporated company, the investor is under a duty of disclosure pursuant to Part XV of the SFO. Part XV of the SFO does not apply where the Mainland China incorporated company has not listed any shares on the SEHK. It shall be the Client's responsibility to comply with any disclosure of interest rules from time to time imposed by the relevant regulatory authorities and arrange for any relevant filings. According to existing Mainland China practices, Hong Kong and overseas investors as beneficial owners of A-shares traded via China Connect cannot appoint proxies to attend shareholders' meetings on their behalf.
- (h) **Currency risks:** Northbound investments in the China Connect securities will be traded and settled in Renminbi. If the Client holds a local currency other than Renminbi, the Client will be exposed to currency risk if the Client invests in a Renminbi product due to the need for the conversion of the local currency into Renminbi. During the conversion, the Client will also incur currency conversion costs. Even if the price of the Renminbi asset remains the same when the Client purchases it and when the Client redeems / sells it, the Client will still incur a loss when the Client converts the redemption / sale proceeds into local currency if Renminbi has depreciated.
- (i) **Short Swing Profit Rule:** Under Mainland China laws, rules and regulations, the "short swing profit rule" requires the Client to give up/return any profits made from purchases and sales in respect of China Connect Securities of a particular Mainland China Listco if (a) the Client's shareholding in that Mainland China Listco exceeds the threshold

prescribed by the relevant regulatory authorities from time to time and (b) the corresponding sale transaction occurs within the six months after a purchase transaction, or vice versa. The Client must comply with the "short swing profit rule".

- (j) **Company Announcements on Corporate Actions:** Any corporate action in respect of China Connect Securities will be announced by the relevant issuer through the SSE website and/or SZSE website (as the case may be) and certain appointed newspapers. HKSCC will also record all corporate actions relating to China Connect Securities in CCASS and inform its clearing participants of the details via the CCASS terminals as soon as practicable on the announcement date. Investors engaged in Northbound trading may refer to the SSE website and/or the SZSE website (as the case may be) and the newspapers and websites officially appointed from time to time or, alternatively, the HKEx website's China Stock Markets Web (or such other replacement or successor web page from time to time) for corporate actions in respect of China Connect Securities issued on the previous Trading Day. Investors should note that (i) issuers that are listed on the SSE/SZSE publish corporate documents in simplified Chinese only, and English translations will not be available and (ii) issuers listed on the ChiNext Board are required to publish certain corporate announcements on their corporate websites and the officially appointed websites only.
- (k) **ChiNext Shares:** ChiNext Shares involve a high investment risk. Key risks includes:
- (i) **Regulatory Risks:** The rules and guidance on listing, trading, disclosure and other matters of SZSE ChiNext vary much from those of the SZSE main board and SME board. For example, on the listing requirements, a shorter track record period and lower net profit, revenue and operating cash flow requirements will apply for company seeking IPO and listing on the ChiNext market. ChiNext companies may also have a lower post-IPO total share capital than main board and SME board companies. For details of the listing requirements on the ChiNext market, the SZSE main board and SME board, please visit SZSE website. Besides, ChiNext market adopts disclosure rules that substantially vary from those of the main board and SME board. For example, ad hoc reports of ChiNext companies are only required to be published on a CSRC designated website and on the issuers' websites. If investors continue to check information through the usual disclosure channels for main board and SME boards, they may miss out some important information disclosed by ChiNext companies. Therefore, investors are advised to closely monitor announcements and risk alerts of ChiNext companies, be aware of market risks, and comply with relevant rules and regulations while trading in the ChiNext market.
 - (ii) **Delisting risks:** The delisting standards of the ChiNext market are different from those of the SZSE main board and SME board. There are more situations that will lead to the delisting of ChiNext companies. ChiNext companies have greater exposure to the risk of being delisted, and such delisting process may be speeded up. In addition, the shares of ChiNext companies may be delisted immediately after SZSE determines its delisting. Investors will not be able to trade in delisted shares, and may lose all the invested capital in this case.
 - (iii) **Operating risks:** ChiNext companies are generally in an early stage of development and have a shorter history. They are usually smaller in scale, have less stable operations, and are less resilient against market risks and industry risks. Although they may have higher growth potential and leverage more on technical innovations, their future performance particularly those without a profit track record is susceptible to great uncertainty.
 - (iv) **High Share Price Volatility:** The share prices of ChiNext companies may fluctuate largely and frequently due to changing market conditions, investor speculations, inconsistent financial results, etc. ChiNext companies with low public float may be vulnerable to manipulations by major shareholders. The unstable financial result also adds the difficulty to the company valuations.
 - (v) **Technical Risks:** It is uncertain whether a ChiNext company is able to convert its technical innovations into physical products or services. When the industry is experiencing rapid technological development and replacement, its product may be obsolete and may not survive in the market.

Investors should also refer to the standard Risk Disclosure Statement (in Chinese only) in the Investor Eligibility Implementing Measure of ChiNext Market which Mainland investors are required to acknowledge before trading in SZSE ChiNext market.

- (l) **STAR Shares:** STAR Shares involve a high investment risk. Key risks includes:
- (i) **Regulatory Risks:** The rules and guidance on listing, trading, disclosure and other matters of SSE STAR vary much from those of the SSE main board. For example, on the listing requirements, lower net profit and revenue requirements will apply for company seeking IPO and listing on the STAR market. Different trading arrangements will apply for the trading of STAR companies, such as daily price limit, minimum order size and maximum order size. For details of the listing requirements and the trading arrangements of the STAR market and the SSE main board, please visit SSE website.
 - (ii) **Delisting risks:** The delisting standards of the STAR market are different from those of the SSE main board. There are more situations that will lead to the delisting of STAR companies. STAR companies have greater exposure to the risk of being delisted, and such delisting process may be speeded up.

- (iii) **Operating risks:** STAR companies are generally in an early stage of development and have a shorter history. They are usually smaller in scale, have less stable operations, and are less resilient against market risks and industry risks. Although they may have higher growth potential and leverage more on technical innovations, their future performance particularly those without a profit track record is susceptible to great uncertainty.
- (iv) **High Share Price Volatility:** The share prices of STAR companies may fluctuate largely and frequently due to changing market conditions, investor speculations, inconsistent financial results, etc. The unstable financial result also adds the difficulty to the company valuations.
- (v) **Technical Risks:** There is higher degree of uncertainty whether a STAR company is able to convert its technical innovations into physical products or services. When the industry is experiencing rapid technological development and replacement, its product may be obsolete and may not survive in the market.

Investors should also refer to the standard Risk Disclosure Statement (in Chinese only) in the Investor Eligibility Implementing Measure of STAR Market which Mainland investors are required to acknowledge before trading in SSE STAR market.

- (m) **Margin Trading:** Subject to certain conditions prescribed by the regulatory authorities, Hong Kong and overseas investors may conduct margin trading in China Connect Securities determined by the relevant regulatory authorities to be eligible for margin trading ("Eligible Margin Trading Securities"). The HKEx will from time to time publish a list of Eligible Margin Trading Securities. A SSE/SZSE may suspend margin trading activities in any specific A Share if the volume of margin trading activities in such A Share exceeds a threshold determined by such SSE/SZSE and resume margin trading activities when the volume of margin trading drops below a prescribed threshold. Where the SEHK is notified by the relevant SSE/SZSE that a suspension or resumption involves a security on the list of Eligible Margin Trading Securities, the HKEx will disclose such information on its website. In such circumstances, any margin trading (except for margin trading in respect of China Connect Securities buy orders) in the relevant China Connect Security shall be suspended and/or resumed accordingly. GTJAS shall not have any obligation to update the Client in respect of the list of Eligible Margin Trading Securities or any restrictions or suspensions in respect of margin trading from time to time.
